

ASKING THE QUESTION HOW MIGHT WE LIVE NOW?

Dear Friend,

November 2022

I'm writing today to ask for your help so that together we can continue to create meaningful change. In 2022, your generosity helped us expand our programmatic offerings, develop immersive ways to engage our visitors, and fund critical preservation work here at Taliesin.

With your support, we welcomed the public to our free event, A Day at Taliesin, offered new youth summer camps, and provided immersive overnight workshops. You helped us bring back Speaker Salons, host the photography exhibition Sacred Spaces, and initiate a Historic Structures Report to assist with future restoration efforts at Frank Lloyd Wright's Riverview Terrace.

In partnership with the property owners, the Frank Lloyd Wright Foundation, the preservation team has continued to restore the Hillside Theater and initiated a Conservation Management Plan for the entire Taliesin property. **Your contributions helped make this happen – and we wholeheartedly thank you!**

As the 2022 season comes to a close and we reflect on the last few transformative years, Wright's words, "**An idea is the salvation of the imagination**" feel particularly impactful. Taliesin is our window into Wright's imagination. It is both deeply personal and reflective of his grander vision for America.

At Taliesin Preservation, we believe bringing life into these historic spaces through enriching experiences and educational programming is vital to continually reinvigorating the imagination. We rely on your generosity to make this goal a reality.

Your support ensures Taliesin will always be a place where we embrace experimentation and find inspiration to shape more meaningful lives by asking the greater question, "How Might We Live Now?"

I hope you will consider making a gift today to help us build our momentum, expand our 2023 programming and preservation efforts, and ensure Taliesin remains a living laboratory for *learning by doing*.

With our deepest gratitude,

Carrie Rodamaker
Executive Director, Taliesin Preservation
